**4 new prime
industrial &
logistics
buildings**

Location

Shawhead Point occupies a strategic, prime location on the M8 corridor between Glasgow and Edinburgh.

Shawhead Point is located in Coatbridge, North Lanarkshire and lies approximately 8.5 miles to the east of Glasgow city centre. The area has benefited from significant road infrastructure improvements in recent years and is now one of the best connected locations in Scotland, lying at the heart of Scotland's motorway network.

The development provides an unrivalled industrial location fronting onto the A8 and adjacent to the Shawhead Interchange, providing a 4-way access to the main local areas. The junction also provides a direct route to the M74 (Junction 5 – Raith), via the A725 providing access to the south of Glasgow and England (M6).

The estate is also adjacent to the new M8 motorway at Junction 7A (Shawhead) providing fast and direct routes to Glasgow and Edinburgh.

The Baillieston Interchange lies 2 miles to the west and is the main hub of Scottish motorway network. Scotland's main motorways converge at this point (M8, M73 and M74), providing efficient distribution throughout Scotland.

The development, accessed from Hagmill Road, provides a sustainable and pleasant working environment occupying a highly visible site within an established industrial location with prominence to the A8 and the Shawhead Interchange.

Shawhead Point provides convenient access to public transport. Whifflet Railway station is a 15-minute walk, providing rail services to central Glasgow as well as nearby towns including Motherwell and Cumbernauld. There are also various bus routes nearby.

A number of national and local occupiers are located within the area including Alliance Healthcare, Rentokil Initial, M Markovitz Builders Merchants, Eurocell, Plumbing Trade Supplies (PTS), Salts Healthcare and Premier Paper.

Travel Distances & Drive Times

Glasgow	12 miles	19 mins
Edinburgh	36 miles	41 mins
Stirling	26 miles	34 mins
