Gatehouse

A TRANSFORMATION WITH MAXIMUM IMPACT.

Ideal for occupiers requiring a large, adaptable footprint with both high-bay and low-bay environments for varied operational work flows.

BICESTER

233

HIGH BAY.
HIGHER POTENTIAL.

FULLY FITTED. OPERATING SMARTER. COMPLIANT FOR THE FUTURE.

A full replacement of outdated gas-fired systems with an all-electric VRF solution drives significant carbon reductions, while high-efficiency LED lighting with daylight sensing enhances operational efficiency throughout the warehouse and ancillary areas.

Water-saving fixtures—including waterless urinals and point-of-use heaters—further minimise consumption, while the Delcote 10 architectural roof coating extends fabric life and reduces maintenance-related waste.

By re-purposing and making use of the existing sprinkler system, the refurbishment significantly reduces programme time, enabling customers to get operational and up and running more quickly.

High-efficiency LED lighting featuring daylight saving controls

Fully fitted sprinkler system

VRF electric heating & cooling system serving office and ancillary accommodation

Target EPC B rating for long-term MEES compliance

Air-handling units to eliminate legacy fossil-fuel heating

Point-of-use electric water heaters to reduce energy waste

EV charging capability

Cycle parking facilities

BICESTER 233

CONNECTED TO THE M40. LINKED TO THE UK. POSITIONED FOR PROGRESS.

Strategically located on Bicester Distribution Park, the building benefits from direct access via Charbridge Lane and immediate proximity to leading logistics occupiers.

Its position on the eastern edge of Bicester provides fast links to the A41, M40 and key regional distribution corridors serving Oxfordshire, the South Midlands and London logistics markets.

Charbridge Ln

A4421

Positioned in one of Oxfordshire's most connected logistics destinations, Charbridge Way delivers 233,376 sq ft of newly refreshed industrial space engineered for flexibility, efficiency and future compliance. Just 15 miles north of Oxford, the scheme unlocks large-scale capability with multi-height warehouse accommodation, high-bay potential and a fully upgraded specification that enhances operational performance from day one.

OPERATING SMARTER.

Bicester 233 is a key hub within a thriving regional economy, powered by logistics, advanced manufacturing and technology. A growing labour force, improved infrastructure and proactive planning are set to unlock further economic growth. Bicester has two train stations offering regular services to London Marylebone.
